

STENSHULT MISSION REPORT

Volume 4 • Special Issue • Autumn 2008

Dear Friends!

The falling leaves and cooler temperatures are announcing the arrival of autumn and the coming of winter. Meanwhile, the signs in the world are continuing to declare the fulfillment of prophecy and the nearness of the coming of Christ. As God's people our work is twofold: to be personally prepared for the judgment and to prepare others for the judgment. We are grateful for your support, encouragement, and prayers, so that Stenshult can fulfill this twofold calling.

The months of September and October have been active here. We have been conducting our two-month missionary training and have included pictures and testimonies from our two students, Angela and Furgill. For the first time, Stenshult was able to have a representation at two lifestyle fairs, one in Borås and the other in Halmstad. Our team gave neck-and-shoulder massage, measured blood pressure, sold books and health products, distributed literature, and conversed with many people. In both locations, around one hundred and fifty people visited our booth. Among people using spiritual surgery, tarot cards, séances, hypnosis, acupuncture, and other false healing methods; we witnessed about the state of the dead, Christ as our Saviour, and God's true healing way. We are already planning to participate in more fairs in 2009: Göteborg in February, Marks Kommun (the local area where Stenshult is located) in March, and more later in the autumn. My goal is to raise 15,000 SEK towards the expenses for the last two fairs and for the ones coming up in the winter and autumn. Please, mark your gifts as *health evangelism*.

We have good news concerning our bank loan, which now stands around 530,000 SEK. A donor is willing to give up to 30,000 SEK, depending on how much of the amount is matched. That means that if others donate up to 30,000 SEK, then this donor will also give 30,000 SEK. If 20,000 is raised, then only 20,000 will be given, and so forth. The deadline for us to raise the 30,000 is 1 December. If we raise 30,000, then 60,000 will be given. Please, mark your gifts as *bank loan*. If you would like to give a donation for the loan but cannot do that until during December, please, inform us before the first of December.

In conclusion, I would like to encourage you with the words of Jude 24-25:

“Now unto him that is able to keep you from falling, and to present you faultless before the presence of his glory with exceeding joy, to the only wise God our Saviour, be glory and majesty, dominion and power, both now and for ever. Amen.”

With thankfulness in Christ Jesus,
Jay Krueger

Furgill, to the left, helping Gianni to split wood.

Angela harvesting onions.

“Greetings, my name is Angela Browne. It is my privilege as a fifty-five-year-old to tell of my experience. I am from Aruba, living in the Netherlands. With a hunger for better knowledge as a Christian registered nurse and a desire to go into mission service, God has guided my path to Stenshult’s Health and Bible Missionary Training. Already during the first day of classes at Stenshult, I experienced receiving the infilling of what I have been lacking: knowledge and wisdom from the Word of God. Through this we are able to maintain the spiritual and the physical body as God intended that His people should and to teach this to others. I am still in grateful amazement up to this moment in my training at Stenshult, at the beauty, simplicity and wisdom of God’s ways for the prevention of sickness and the healing of the body temple. My prayer is that Stenshult will continue to be a center of training for God’s people of any age, while the opportunity lasts.” *For ye are bought with a price: therefore glorify God in your body, and in your spirit, which are God’s.* 1 Corinthians 6:20

“My name is Furgill Blanker. I’m 23 years old, and I live in the Netherlands. During my stay as a student at Stenshult, I have learned many new things. The book of Revelation has been opened for me. When I learned these amazing truths in the book of Revelation, a fire started burning within me to share this with others. This was my favorite class. The practical education was also really good; we worked a lot in the garden, which is something that I usually don’t do at home. The class on Bible doctrines has helped me to be better able to present Bible truths and to handle objections. I was also introduced into the medical missionary work. I’ve learned the importance of a medical missionary. My aim is now not only to help people in their spiritual need, but as well in their physical need. I’m really glad I decided to participate in this course. It has changed many aspects of my life, and I hope that others will also have the same chance that the Lord has provided for me. *Matthew 9:37 ‘Then saith he unto his disciples, The harvest truly is plenteous, but the labourers are few.’*”
